# ELEMENTAL OPPORTUNITY

Metal Tech News marketing & advertising brochure

Unlock the secrets behind the world's most groundbreaking technologies with Metal Tech News.

From vacuum cleaners to electric vehicles, and from solar panels to Mars rovers, every aspect of modern life is shaped by the extraordinary properties of minerals and metals. Explore how these transformative substances enable products to be smaller, lighter, smarter, and more efficient than ever before.

Metal Tech News is the pioneering publication that delves deep into the universe of mined materials, shedding light on the incredible potential they hold. Our platform offers a continuous peek into the future, showcasing how materials scientists and engineers are leveraging new applications and properties of minerals and metals to shape the world of tomorrow.

But that's just the beginning. To understand the true journey of these materials, one has to start at the source.

Metal Tech News takes you on a voyage from the depths of Earth to the frontiers of space, painting a complete picture of the current and future extraction, processing, and recycling of technology minerals and metals.

These two sides of the Metal Tech News coin empower readers to discover the metals of innovation and stay on the cutting edge of mineral exploration and mining technologies. By providing in-depth insights, we hope to challenge individuals and companies to contemplate the vital role minerals and metals play in shaping a smarter, greener, and more sustainable future for our planet.

Is your company ready to seize the elemental opportunity and be part of this exciting journey of discovery?

Turn the page and find out more about how your company can be a part of this exciting publication discovering the elements of innovation.

## Metal Tech News – Where Tech Metals & Mining Tech meet

Metal Tech News is a weekly digital news publication that provides the most in-depth and knowledgeable insights into the mined materials needed for high-tech and green energy applications; along with the latest technologies being employed for the mining and exploration of those metals.

The weekly digital edition and Metal Tech News website keep readers up to date on cutting edge applications of metals to modern devices.

While the applications are infinite, here are some of the topics Metal Tech News covers:

- Electric vehicles & batteries
- Renewable energy & grid-scale storage
- Graphene & other nanomaterials
- Rare earth elements & their high-tech uses
- Copper & its role in an electric-centric society
- Alloy & superalloy applications (think aerospace)
- Magnet metals in high-tech & green energy
- Technology metals markets
- Critical minerals policies

To tell the whole story, Metal Tech News also reports on the new technologies that are helping to make mining and mineral exploration safer, more efficient, and sustainable.

Here is a sample of some of the exciting developments in mining technology that Metal Tech News covers:

- Machine learning & AI applications
- Wi-Fi & digital connectivity of mine sites
- Drones for exploration, mine-site analysis & rescue

- Remote & autonomous mining equipment
- Electrical & alternate-fuel powered mining equipment
- Remote sensing for exploration & mine safety;
- Advancements in mineral analysis
- Metals separation & refining
- Space mining.

Together, these facets of Metal Tech News provide our global audience with an increased understanding of the importance of minerals and metals to a technological driven future on Planet Earth and spur imperative conversations on how we can more efficiently and sustainably obtain those materials.

### For everyone who loves Tech & Metals

Born from a passion for mining and innovation, Metal Tech News is for anyone who loves technology and metals.

Metal Tech Founder Shane Lasley has been reporting on the mining sector for nearly two decades. As publisher and principle writer for North of 60 Mining News, he has demonstrated a knack for providing accurate and in-depth insights into mining and mineral exploration that are technically sound enough to be useful to industry insiders but easily understood by those not as familiar with the sector.

Following the U.S. federal government's increased focus on critical minerals, Shane and his team at Metal Tech News have authored five magazines that provide in-depth insights into the markets and policies related to the 50 minerals and metals critical to the U.S.

Shane and his team bring this same in-depth knowledge and passion for mining, metals and technology to Metal Tech News. When coupled with a long track record of investigation, interpretation and journalistic integrity, Metal Tech News has emerged as an interesting, popular and highly regarded news source that your company will be proud to be a part of.

## Digital Edition Monthly Advertising Rates

WEB/STORY AD TYPE	PIXELS	3 MONTH	6 MONTH	12 MONTH
Medium Rectangle Ad	300x250	\$785	\$740	\$658
Small Horizontal Lead Ad	260x90	\$665	\$624	\$554
Leaderboard Ad	728X90	\$1,092	\$993	\$889
Homepage Splash	550X480	\$1,207 per month. Ask for details.		

*All digital ad rates are per month. First month paid prior to insertion and billed monthly thereafter.*

Metal Tech News online ads offer your company multi-level exposure to mining, metals and technology executives; technology metals market analysts and experts; policymakers; and a broad audience of readers interested in technology and mining.

In addition to the website homepage, your company's online advertisement will appear in multiple locations on the Metal Tech News website, as well as alongside stories delivered to subscribers by search engines and social media.

This powerful suite of advertisements that comes with a single placement ensures your Metal Tech News digital advertisement will be seen by thousands of your company's most valuable future clients – those interested in discovering the elements of innovation.

Metal Tech News offers four online advertising options:

**Leaderboard Ad:** At 728x90 pixels, this attention-grabbing ad is featured prominently on the Metal Tech News homepage and across the top of each Metal Tech News article that is opened. With only four positions available, this is a premium placement available on a first-come-first-serve basis.

**Homepage Splash Ad:** Looking to really grab attention? If so, the Homepage Splash ad placement is for you. At 550x480 pixels, this ad opens in front of the Metal Tech News homepage. This ensures your company's message is the first thing viewed by visitors to the website. (Ask your sales representative about availability and rates for custom duration placements.)

**Medium Rectangle Ad:** At 330x250 pixels, this ad appears in multiple locations across the Metal Tech News digital platform, as well as alongside Metal Tech News articles, providing numerous opportunities to be seen with a single ad placement. Only 20 placements are available.

**Small Horizontal Lead Ad:** Small but mighty, this 260x90 ad is placed at the top of the Metal Tech News homepage, making it the first thing potential clients see when they visit the page.

**Circulation:** Metal Tech News website visitors; weekly digital newsletter delivered to subscribers; search queries related to technology metals and mining technologies; and robust social media campaigns.

**Placement:** Ads are on a random rotation across Metal Tech News' online platform.

### The power of a hotlink

A hotlink directing potential clients to any page on your company's website can be included with any Metals Tech News online ad at no extra charge. This provides your company the power to link potential clients directly to the information, equipment, goods or services in the ad.

A digital advertisement on Metal Tech News links your company directly to industry developments as they happen, providing countless opportunities to grab the attention and interest of our growing audience.

## Newsletter Advertising Rates

NEWSLETTER AD TYPE	PIXELS	3 MONTH	6 MONTH	12 MONTH
Newsletter Story Ad	300x250	\$176	\$143	\$133
Newsletter Sponsor Ad	728X90	\$207	\$189	\$165

*All newsletter ad rates are per weekly placement. First month paid prior to insertion and billed monthly thereafter.*

Beyond standard digital advertising, Metal Tech News offers your company the opportunity to advertise alongside the newsletter delivered to subscribers each week – providing a direct connection between your company and its future customers.

### Metal Tech News offers two newsletter advertising options in standard web sizes:

**Newsletter Sponsor Ad:** At 728x90 pixels, this is an attention-grabbing ad placement on the Metal Tech Newsletter. The four positions available for this is premium placement are available on a first-come-first-serve basis. (Newsletter Sponsor Ad positions are rotated weekly.)

**Newsletter Story Ad:** At 330x250 pixels, these ads are featured with the story summaries emailed to subscribers each week. Only 3 placements are available.

### Added Value

For an even more influential advertising campaign, ask your sales representative about special rates for combining your company's newsletter ad with the added exposure of an ad on the Metal Tech News website.
